Opera artists, production staff and others from The Princeton Festival's production of *Mozart's Le Nozze de Figaro* share their personal experiences with the audience during an interactive forum.

Hear the pleasures and perils faced both on stage and off as the artists bring the opera to life for its opening performance.

The *Artists Round Table* offers a rare opportunity to meet the artists up close and hear in their own voice how they develop their roles, interpretations and insights.

**Marian Burleigh-Motley**, renowned interviewer and director at the Metropolitan Museum of Art, moderates.

The event is free and open to the public. Visitor parking available on the PTS campus. Artists reception follows.

*The Princeton Festival* presents Mozart's *Le Nozze de Figaro*, June 13, 21, 28 at McCarter Theatre.
